

Hi, I am Sue Hyer. I currently serve on Smithfield City Council. I am a life long resident of Smithfield. I am running for re-election to continue building on the work we've started. Responsible growth, smart spending and keeping the small town charm we all love.

Some of the projects I've been proud to support include,

- *Starting the process to improve our 103 year old waterline and the addition of a 3,000,000 gallon water tank.

- *Purchasing 11 acres of land for a new community park.

- *Approving zoning to support a water incentive program, where residents can get paid to remove grass.
Coordinating Localscapes classes that teach how to turn unused lawn areas into stunning landscapes and make money at the same time. I flipped my park strip! I definitely learned a lot.

- *Started the process of updating our city's general plan.

- *Served on the council during the restoration of the Douglas Mercantile. It has been a labor of love for our Historical Preservation Commission. They have worked hard, it has been a long process. It looks so good.

- *July 2023 Logan City informed the city they would stop offering garbage service. Needless to say we talked about garbage a lot. The city contracted with Econo Waste (a private Company).

- *Spring 2024 Smithfield became a designated Healthy Utah Community.

- *Sharing ideas how to conserve water and save money on utility bills.

Our police and fire departments need strong support from city council, with competitive wages and the tools they need to keep us safe.

Our city employees work hard every day to keep things running smoothly. I truly appreciate all they do. It's important that we offer fair pay and the support they deserve.

I also believe in thoughtful land use that respects existing zoning and the character of our neighborhoods. Land decisions should be made by local government, who understand the unique needs of our community-not mandated by the state.

I also believe in keeping a budget and spending taxpayer dollars wisely.

A little about me,

I am a mother, wife, grandmother, homeowner, small business owner, taxpayer and a concerned citizen.

Our home is full, three generations living under one roof.

There is never a dull moment!

In my spare time I love to spend time with my family, mountain bike, snow ski, walk in Smithfield canyon with my dog, read, be outdoors and go on road trips.
