Clearance Certification

I, the owner, owners agent or contractor, understand that it is my responsibility to correctly locate the property corners and set the structure accurately on said lot. The structure placement will meet all city setback requirements, public and private easements and all recorded rights-of-way. The city, building department and assigned building inspectors, are not required to locate or verify the required setback measurements. If you are unsure of the exact location, please consult with a professional land surveyor.

Office Use Only

¹ If the above applicant is anyone other than the property owner, this application must be accompanied by a signed form, from the owner of record, authorizing the applicant to act on their behalf.

Zoning Clearance Requirements

Purpose

Applicants are required to pay all associated fees, receive site plan approval and obtain a zoning clearance from Smithfield City prior to the Cache County Building Department issuing a building permit. Zoning clearances expire and are no longer applicable after a period of **six months of application**. A zoning clearance is submitted as part of the building permit application and include the following:

Logan City Sewer Impact Fee

1. The sanitary sewer from Smithfield is treated at the Logan City sewer treatment plant and there is an impact fee assessed by Logan Sewer Treatment Facility for each new connection that adds to the system. For all commercial and multi-family projects, the applicant will contact the Logan City Environmental Department and request the specific amount per project. Logan City will present them with documentation that includes the assessment fee and they will return that information to Smithfield City prior to issuing the zoning clearance permit.

Logan City Environmental Department

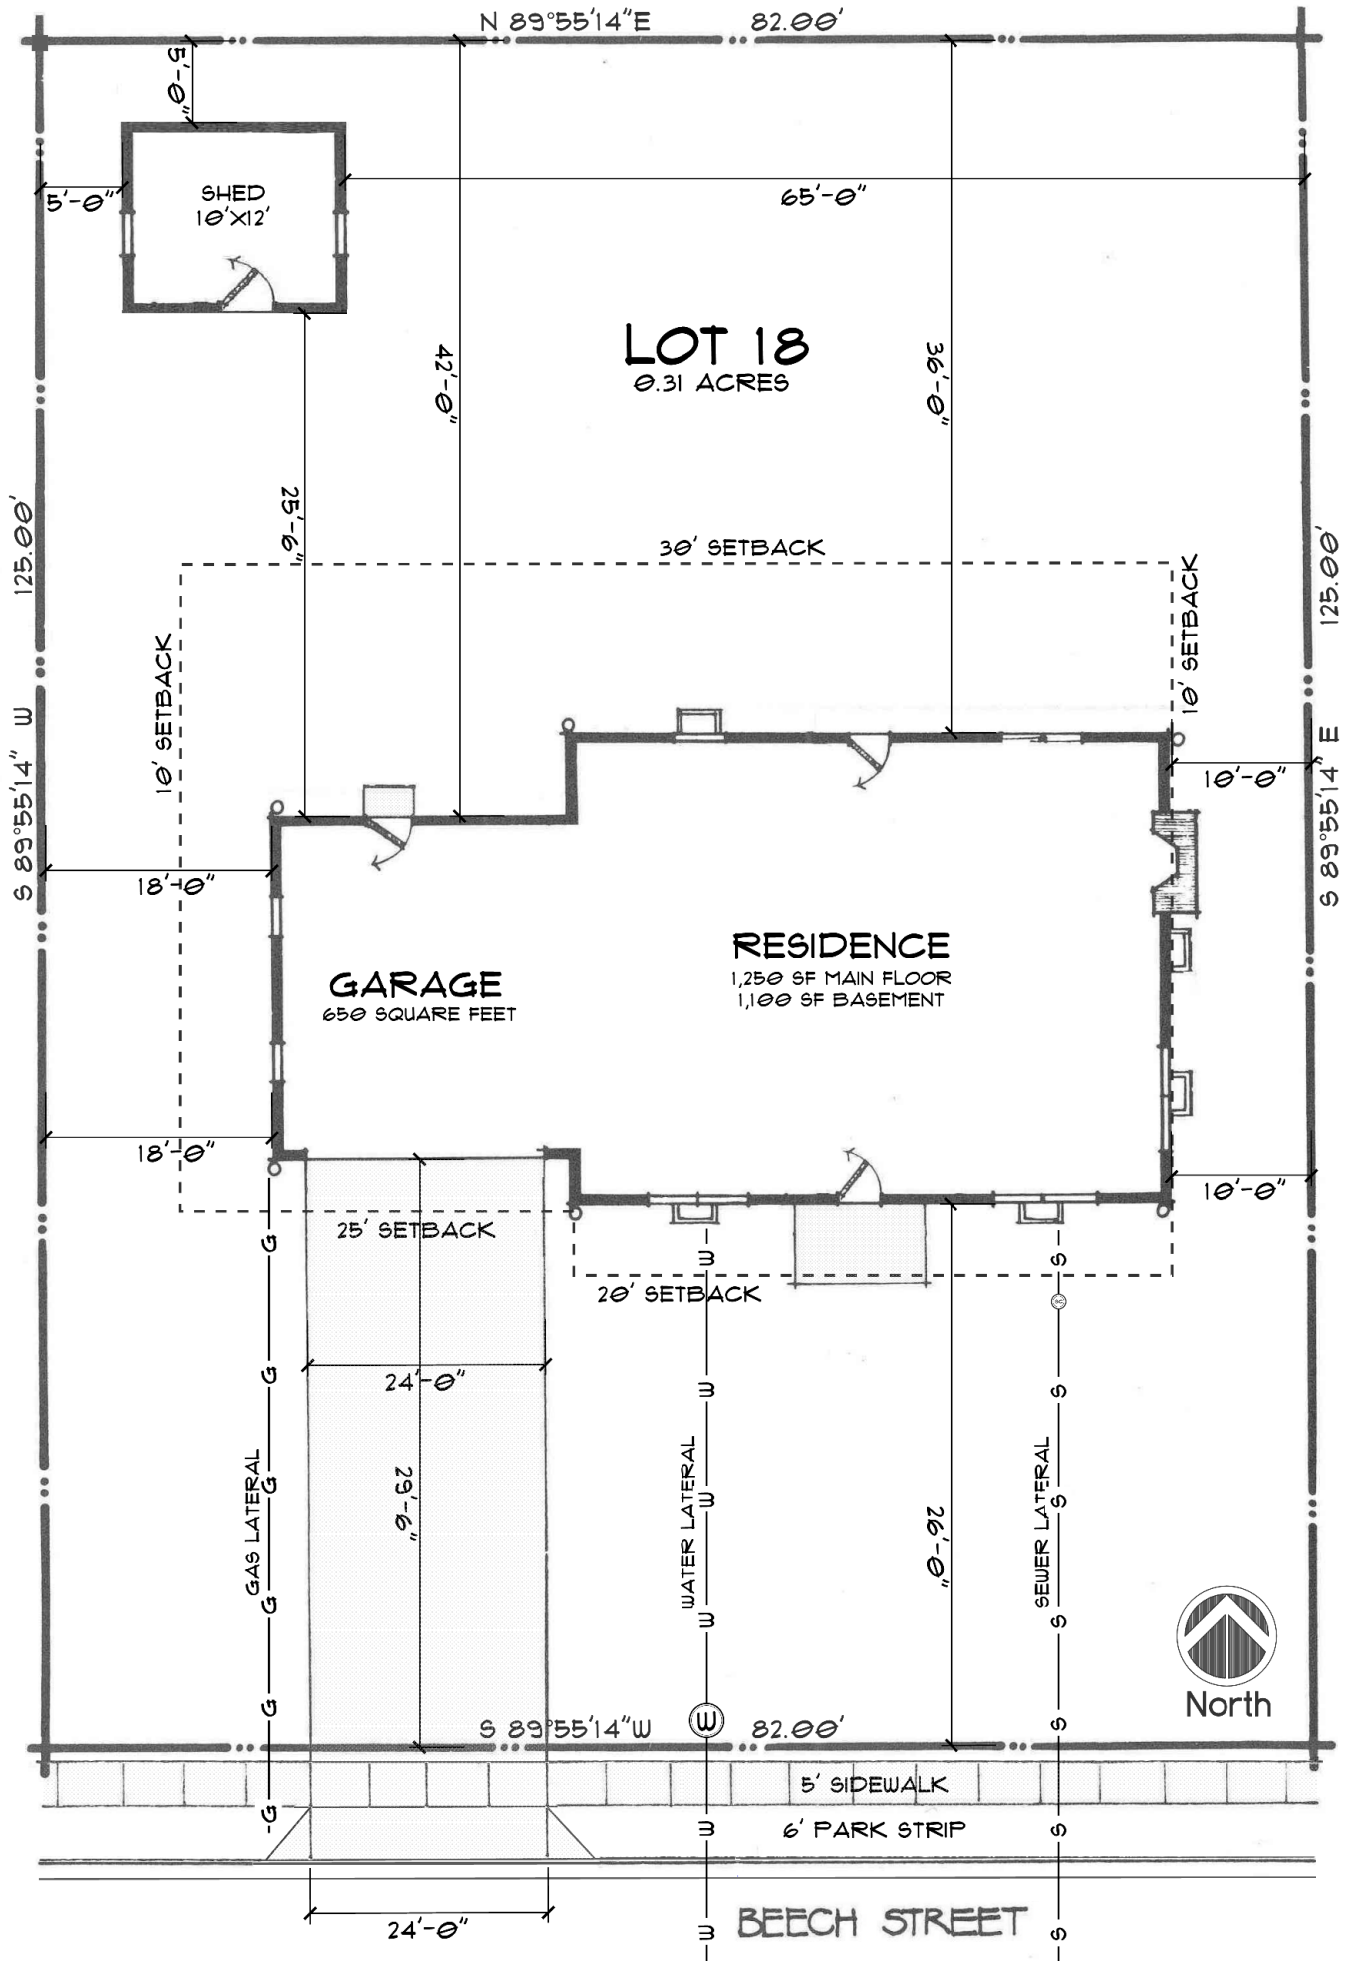

153 North 1400 West
Logan, UT 84321
(435) 716.9755

Residential

1. Storm Water permit, including a site plan with all building setbacks, public utilities, water meter placement and sewer cleanouts.
2. Contractor deposit, which is refundable after the project is completed and cleared by the engineering department.
3. Payment of all impact fees (water, sewer, park) and all connection fees (water and sewer).
4. **Submittal Requirements:** One (1) set of 8-1/2 X11" plans and online pdf submission.

Commercial

1. Storm Water permit, including a site plan with all building setbacks, public utilities, water meter placement and sewer cleanouts.
2. Site Plan and Landscape Plan including all landscaping meeting City requirements. Must also show the placement and number of parking stalls and legend.
3. Contractor improvement deposit, which is refundable after the project is completed/cleared by the engineering department.
4. Payment of all impact fees (water, sewer) and all connection fees (water and sewer).
5. **Submittal Requirements:** One (1) set of 18X24" plans and online pdf submission.

Section 1 - Site Evaluation, Assessment and Planning

1.1 Project Information

Table with 4 columns: Project Address, Project City, State, Zip

Construction Site Estimates

Table with 2 columns: Description (Total Project/Site Area, Project Site/Area to Be Disturbed, Percentage impervious area before construction, Percentage impervious area after construction) and Value

Emergency 24-Hour Contact

Table with 2 columns: Field (Company Name, Contact Person, Telephone #, Email Address) and Value

1.2 Nature and Sequence of Construction Activity

What is the function of the construction activity? Residential Commercial
Estimated Project Start Date: Estimated Project Completion Date:

1.3 Potential Source of Pollution - Check with an "X" the activities that apply to your project.

Table with 3 columns: Activity (Clearing, grading, excavating..., Paving operations, Concrete washout..., Structure construction..., Demolition and debris disposal, Dewatering operations, Material delivery and storage), Source (Material use during building process, Solid waste disposal, Hazardous waste..., Sanitary waste, Vehicle/equipment fueling..., Landscaping operations, Other (describe)), and Checkmark

Section 2 - Erosion and Sediment Control BMPs

2.1 Control Storm Water Flowing onto and through the Project

Table with 2 columns: BMP Description, Value (Installation Schedule, Maintenance Inspection, Responsible Staff)

2.2 Establish Stabilized Construction Entrance & Exits (track out pad)

Table with 2 columns: BMP Description, Value (Installation Schedule, Maintenance Inspection, Responsible Staff)

Contractor Deposit Agreement

This agreement is made and entered into as of the _____ day of _____, 20____ by and between, _____ circle one (an individual) (a corporation) (a partnership) hereinafter referred to as CONTRACTOR and Smithfield City, a body corporate and politic of the State of Utah, hereinafter referred to as CITY.

WHEREAS, the CITY is the compliance agency responsible for the enforcement provisions of the building codes as defined in Title 15 of the Smithfield Municipal Code; and

WHEREAS, before a building can be constructed, required permits must be obtained from the CITY for the type of work to be done; and

WHEREAS, a building can only be occupied upon the issuance of a certificate of occupancy by the building official of the CITY following an inspection of the building or structure in which no violations of the provisions of the adopted codes have been noted; and

WHEREAS, the building official is authorized to issue a Temporary Certificate of Occupancy before the entire work covered by the permit is completed provided that such portion or portions shall be occupied safely and a set time period for completion is set; and

WHEREAS, The CITY may have certain public improvements which the CITY desires to be maintained and protected such as curb, gutter, sidewalk, street pavement, and other utilities, etc. on or in close proximity to the site where a permit for building has been issued; and

WHEREAS, The city council of Smithfield City has passed and adopted Resolution No. 15-10 requiring the mandatory deposit of \$6,000 upon the issuance of a building permit for the construction of dwellings, or commercial or manufacturing buildings as security, in addition to any other security which may be required by the City, against damage to the public improvements, as well as, security to insure the completion of building improvements.

NOW THEREFORE, in consideration of the mutual covenants and undertakings hereinafter stated to which each party hereby binds and commits itself, it is agreed as follows:

1. Deposit of \$6,000.00

As a condition to receiving a building permit to construct a residential dwelling, or commercial or manufacturing building located at _____, a deposit in the amount of \$6,000 is hereby deposited with the treasurer of the Smithfield City. The deposit shall be held by the CITY in an identified and dedicated fund as an additional means of security, in some cases, for the completion of all improvements required by the building codes adopted by the CITY and the State of Utah, and as security against any damage to the public improvements which may occur as a result of construction activities for which the permit was issued.

2. Forfeiture of Deposit For Repair of Public Improvements

The CITY is hereby authorized to withdraw an amount necessary to repair any damage to the public improvements which have not been repaired or made whole by the CONTRACTOR to whom the building permit was issued. In the event that damages exceed the amount of the deposit, the undersigned hereby promises and covenants to compensate the CITY the difference.

3. Withholding of Deposit

The CITY shall withhold all or a portion of the deposit as the CITY deems appropriate until all improvements as required by the building codes have been satisfactorily completed and a Permanent Certificate of Occupancy has been issued by the Building Official or his designated representative. Withholding of the deposit shall not relieve the CONTRACTOR from completing the requirements established by the building code prior to occupying the building.

4. Release of Deposit

Upon request of the Contractor or Building Owner, the CITY shall release and return any unused portion of the deposit to the specific individual or company who paid the deposit, provided all required work has been completed and accepted by the city. Failure to request release of the deposit within **eighteen (18) months** from the date of the Permanent Certificate of Occupancy will be deemed as an abandonment of the deposit and it shall become the property of Smithfield City.

5. Assignment

The terms and provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and permitted successors and assigns; provided, however, that this Agreement cannot be assigned, transferred or conveyed by either party, without the express written consent of the other party.

6. Entire Agreement

This writing constitutes the entire agreement between and among CONTRACTOR, and CITY. The parties acknowledge that there are no underlying agreements, oral or written, pertaining to the terms of this agreement.

7. Fax and Electronic Transmission and Counterparts

Facsimile (fax) and electronic (e-mail) transmissions of a signed copy of this Contract (or Agreement), any addenda and exhibits and the retransmission of any signed fax or e-mail shall be the same as delivery of an original. This Contract (or Agreement), any addenda and exhibits may be executed in counterparts.
